

SPEZIARI DESIGN

I D E E & P R O G E T T I

Creativity and tangible technical skills make Speziari Design the ideal partner for those who wish to achieve original and economically convenient products. This goes for both large series production needs or for making original and unique pieces. The ideas and the execution of projects proposed by Speziari Design concern various sectors:

- Coverings and protection for industrial machine parts or for whole systems
- Urban design
- Interior decoration
- Co-ordinated lines of home and office furnishings
- Modern furniture with state of the art materials

Speziari Design not only offers skill and experience in planning material objects, but it also offers its creativity in graphic applications, websites, interior design images, 3D graphics and multimedia CDs.

The activities carried out by Speziari Design are not only limited to the ones listed, because all that is not yet known can be learned, because each new proposal is a stimulating challenge.
